

# Program of the 2nd Annual European DDI Users Group Meeting

## DDI - The Basis of Managing the Data Life Cycle

December 8-9, SURFfoundation, Utrecht, The Netherlands

Final Program as of 4. December 2010

### Monday December 6, 2010

9:00 - 17:00	<b>Special Meetings</b>
	Location: SURF 5b / SURF 2
	Chair: Jeremy Iverson
	<b>DDI Developers Workshop</b>

### Tuesday December 7, 2010

9:00 - 17:00	<b>Special Meetings</b>
	Location: SURF 1 / SURF 2
	Chair: Jeremy Iverson
	<b>DDI Developers Workshop</b>

### Wednesday December 8, 2010

8:15	<b>Starting Registration</b>		
9:00 - 12:30	<b>Concurrent Sessions</b>		
	<b>Concurrent W1</b> Location: SURF 1 Chair: Laurents Sesink	<b>Concurrent W2</b> Location: SURF 5a Chair: Joachim Wackerow	<b>Concurrent W3</b> Location: SURF 3 Chair: Jeremy Iverson
	<b>Course on DDI 3: Putting DDI to Work for You</b> Wendy Thomas (MPC - Minnesota Population Center)	<b>Introduction to the Statistical Data and Metadata Exchange (SDMX) Standard</b> Arofan Gregory (ODaF - Open Data Foundation)	<b>DDI Developers Workshop</b>
12:30 - 14:00	<b>Lunch</b>		
14:00 - 15:30	<b>Plenary 1: Welcome and Keynote</b> Location: SURF 5ab Chair: Rob Grim		
	<b>Welcome</b> Program Committee: Nikos Askitas, Eric Balster, John Doove, Rob Grim, Laurents Sesink, Joachim Wackerow (chair)		
	<b>Challenges for Data Intensive Research</b> Peter Wittenburg (Max Planck Institute for Psycholinguistics, Nijmegen)		
15:30 - 16:00	<b>Break</b>		
16:00 - 17:30	<b>Concurrent Sessions</b>		
	<b>Concurrent A1: Searching and Locating</b> Location: SURF 5a Chair: Tito Castillo	<b>Concurrent A2: Project Updates</b> Location: SURF 5b Chair: Nikos Askitas	
	<b>DataCite: Making Data Citable</b> Wolfgang Zenk-Möltgen, Brigitte Hausstein (both GESIS - Leibniz Institute for the Social Sciences), Jan Brase (TIB - German National Library of Science and Technology)	<b>Keeping up with Questasy</b> Alerk Amin (CentERdata - Institute for Data Collection and Research)	
	<b>If you build it, they will come: the case for creating DDI 3 metadata and the advanced search and discovery tools that will follow</b> William Block (CISER - Cornell Institute for Social and Economic Research)	<b>Data Service Center for Business and Organizational Data – Specifics concerning DDI dealing with organizational data</b> Christian Gerhards (Bielefeld University, Faculty of Sociology)	
	<b>DDI at the Swedish National Data Service</b> Johan Fihn, Olof Olsson, Iris Alfredsson, Hans Jørgen Marker (all SND - Swedish National Data Service)		
17:30 - 18:30	<b>Reception</b>		
19:00	<b>Dinner for invited guests</b>		
22:00	<b>After-dinner get-together at King Arthur</b>		

# Program of the 2nd Annual European DDI Users Group Meeting

## DDI - The Basis of Managing the Data Life Cycle

December 8-9, SURFfoundation, Utrecht, The Netherlands

Final Program as of 4. December 2010

### Thursday December 9, 2010

9:00 - 10:15	<b>Plenary 2: Metadata in the Data Production Process</b> Location: SURF 5ab Chair: Hans Jørgen Marker	
	<b>Metadata Driven Survey Design</b> Jeremy Iverson (Algenta Technologies)	
	<b>Exploring the relationship between DDI, SDMX and the Generic Statistical Business Process Model</b> Steven Vale (UNECE - United Nations Economic Commission for Europe)	
10:15 - 10:45	<b>Break</b>	
10:45 - 12:15	<b>Concurrent Sessions</b>	
	<b>Concurrent B1: DDI Software</b> Location: SURF 5a Chair: Wolfgang Zenk-Möltgen	<b>Concurrent B2: Reports and Updates on DDI activities</b> Location: SURF 5b Chair: William Block
	<b>DDI + API: building services on top of your existing DDI holdings</b> Ørnulf Risnes (Nesstar)	<b>Controlled vocabularies for DDI and other metadata structures - an update</b> Meinhard Moschner (GESIS - Leibniz Institute for the Social Sciences), Taina Jääsekläinen (FSD - Finnish Social Science Data Archive), Joachim Wackerow (GESIS - Leibniz Institute for the Social Sciences)
	<b>A query-based access system using DDI and SDMX</b> Don McIntosh (STR - Space-Time Research) / presented by Arofan Gregory	<b>Locating objects identified by DDI3 Uniform Resource Names</b> Joachim Wackerow (GESIS - Leibniz Institute for the Social Sciences)
	<b>Colectica: A Platform for DDI 3-based Metadata Management</b> Dan Smith (Algenta Technologies)	<b>Progress from the DDI Working Group on Qualitative Data</b> Louise Corti (UK Data Archive, University of Essex)
		<b>Development of the next DDI Tools Catalog</b> Stefan Kramer (CISER - Cornell Institute for Social and Economic Research)
12:15 - 13:45	<b>Lunch</b>	
13:45 - 15:00	<b>Concurrent Sessions</b>	
	<b>Concurrent C1: From DDI 2 to DDI 3</b> Location: SURF 5a Chair: John Doove	<b>Concurrent C2: Data Collection</b> Location: SURF 5b Chair: Alerk Amin
	<b>The use of DDI tools and standards in epidemiology &amp; public health research</b> Tito Castillo (Institute of Child Health, University College London)	<b>Putting DDI in the drivers seat: Using Metadata to control data capture</b> Samuel Spencer (ABS - Australian Bureau of Statistics)
	<b>The STARDAT Project: Integrating DDI Tools at the GESIS Data Archive</b> Monika Linne, Alexander Mühlbauer, and Wolfgang Zenk-Möltgen (all GESIS - Leibniz Institute for the Social Sciences)	<b>Converting general Microsoft Word questionnaires to DDI</b> Nadine Dulisch (GESIS - Leibniz Institute for the Social Sciences)
15:00 - 15:30	<b>Break</b>	
15:30 - 17:00	<b>Plenary 3: Current Status and Recent Events</b> Location: SURF 5ab Chair: Eric Balster	
	<b>Report on Dagstuhl Workshop on Managing Metadata for Longitudinal Data - Best Practices</b> William Block and Stefan Kramer (both Cornell Institute for Social and Economic Research)	
	<b>Report on Developers Workshop</b> Jeremy Iverson (Algenta Technologies)	
	<b>DDI Specification: Current Status and Outlook</b> Wendy Thomas, Arofan Gregory, and Joachim Wackerow (all Technical Implementation Committee, DDI Alliance)	
	<b>Ask the Experts</b> Arofan Gregory, Wendy Thomas, and Joachim Wackerow (all Technical Implementation Committee, DDI Alliance)	
	<b>Goodbye</b> Nikos Askitas and Joachim Wackerow (EDDI core team)
